

CSL CA Subscriber Agreement

The purpose of this agreement is to establish the contractual relationship between the CSL CA and the Applicant/Subscriber. The issue and subsequent use of public keys and Certificates issued, constitutes acceptance of this agreement, the terms and conditions of the CSL CA Certification Policy Statement (CSL CA) associated with the keys and Certificates issued to the Subscriber. The CSL CA CPS is amended from time to time, and is published on the CSL CA's repository .

Important Notice:

The subscriber must read this subscriber agreement before applying for, accepting, or using a digital certificate from CSL CA. If the subscriber do not agree to the terms of this subscriber agreement, do not apply for, accept, or use the digital certificate. The subscriber agrees to use the digital certificate and any related CSL CA certification services only in accordance with the CSL CA CPS.

Indemnity

The Subscriber agrees to:

1. Accept responsibility for the safety and integrity of private keys, in the event that keys or Certificates are compromised the Subscriber will immediately notify the CSL CA, as well as any other users with whom you exchange information;
2. Indemnify CSL CA for any loss to any person or Organization arising from the failure to ensure the safety and integrity of your private keys and Digital Certificates;
3. Indemnify and hold harmless CSL CA from any and all damages and losses arising out of
 - a. Use of an CSL CA issued Digital Certificate in a manner not authorized by CSL CA;
 - b. Tampering with the Digital Certificate; or
 - c. Any misrepresentations made during the application and use of the Digital Certificate.
4. Assure and hold harmless CA from and against any and all damages (including legal fees) of lawsuits, claims or actions by third-parties relying on or otherwise using a Certificate relating to:
 - a. Subscriber's breach of its obligations under this agreement;
 - b. Subscriber's failure to protect its Private Keys;
 - c. Claim s arising from content or other information or data supplied by Subscriber.

CSL CA Subscriber Agreement

Use of Keys and Certificates

The subscriber agrees that:

1. True complete and accurate information has been provided in applying for these keys and Certificates, and further undertakes to promptly notify CSL CA in the event that this information changes;
2. To immediately inform CSL CA if it is known or suspected that a private key has or may have been compromised;
3. The use of the Digital Certificates are at their sole risk;
4. To use Digital Certificates strictly for lawful purposes and will not infringe a third party's rights; and
5. The use of the private key and/or its associated Digital Certificate constitutes acceptance of the terms of the CSL CA CPS.
6. Erroneous utilization of the Digital Certificates or violation to the practices specified in CSL CA CPS shall be liable to be proceeded against, both under the relevant civil and criminal laws, and shall be subject to punishment under the ICT Act, 2006 (Amendment 2009 & 2013) or/and any other relevant law/s of the land. The duties of the subscribers to be followed are described in the ICT Act, 2006 (Amendment 2009 & 2013).
7. CSL CA disclaims all warranties, except as expressly provided in the CSL CPS. CSL CA makes no representations or warranties, express, implied or otherwise relating to CSL CA Digital Certificate or any services provided by CSL CA in connection therewith, including without limitation any warranty of non-infringement, merchantability or fitness for a particular purpose.

The Subscriber demonstrates his/her knowledge and acceptance of the terms of this subscriber agreement by either (i) submitting an application for a Digital Certificate to CSL CA, or (ii) using the Digital Certificate issued by CSLCA, whichever occurs first.

DECLARATION BY THE SUBSCRIBER

I, hereby declare that I have read and understood the CSL CA CPS and the terms and conditions of this Subscriber Agreement. I shall abide with CSL CA CPS and the terms and conditions of this Subscriber Agreement.
